

Collaborate and share. Simply and securely.

With Box from O2

The way we work is changing

Over half of us use three or more devices for work. Over a third work from three or more locations.

Box is a unique way to bring all your important content together online. It's simple to set up, easy to use and with enterprise-grade security, it's very secure. And with its admin console you can see and control all your documents, all the time.

Built for business, Box makes sharing and collaborating easy from inside and outside the company. And with the Box app on all your smartphones, tablets, and PCs, your important content can be accessed virtually anywhere.

Why businesses love Box

Easy to use. You don't need any training to start uploading, downloading and sharing files on Box.

Helps you do more. Being able to collaborate easily helps you make decisions, quickly. So you can work smarter, get more done and keep teams up-to-date.

Saves money. There's no need to invest in your servers. Box hosts your content in the cloud, so you don't have to pay out for storage on-site.

Grows with you. Box is all yours with a simple monthly fee per user. It's easy to add users, so when you grow, Box grows with you.

Why IT departments love Box

Simple to deploy and maintain. Box works with what you already have, so it can be set up in minutes. Just a simple app to install and no hardware to buy.

Security and control. Box gives full admin control over who can access files and folders. It also encrypts all your sensitive information, in the office or on the go.

Free up your inbox. With all your important and sizable information safe and securely uploaded to Box, there's no need to send large files by email.

Why O2?

We've tried and tested the best technology out there. So it's easier for you to choose what's best for your business.

- **We're with you all the way.** We'll help get your customers started and we're right here whenever you need help.
- **We make life easier.** There's one point of contact for everything. One bill too. You can even manage your account online at My O2 Business.
- **Bundling benefits.** Adding great value mobile data packages helps you make the most of mobile working.
- **Lots of freebies.** Free O2 Wifi in thousands of hotspots in the UK, including the Tube. And, with Priority you can advertise your business to thousands of local O2 customers for free too.
- **Don't forget the treats.** Like O2 venue concert tickets 48 hours before general release and offers for over 1,000 high street brands, all with O2 Priority. Text Priority to 2020 to join.
